MONTH 13	MONTH 14	MONTH 15	MONTH 16
 Blood Pressure Observations	 Simulations	 Blood Pressure Observations	 Blood Pressure Observations

Blood Pressure Observations require all medical support personnel (MSPs) or all clinic staff members who assess blood pressure on pregnant or postpartum patients

Simulations require attendance from all members of the clinical team, including providers, nurses, medical assistants and pharmacists

Implementation Team Coaching Sessions should include the smaller implementation team formed to focus on implementing the ACHIEVE project (MD, RN and MA/MSP at minimum)
